

Dear Dr. Dynnyk,

We are writing to you with great sympathy for the plight of all Ukrainians. Individually as colleagues of yours, and collectively on behalf of the ESR, members of the Board of Directors deplore the loss of life and destruction resulting from the invasion of your country initiated by the Russian leadership.

As an apolitical academic, scientific and educational society, we feel it is important for us to do all within our power that we can to support you and your patients during these catastrophic times.

We will ensure maintenance of the ESR's educational offerings and grant all our Ukrainian colleagues who are victims of the invasion initiated by the Russian leadership **free access to the ESR Premium Education Package.**

Your access to all ESR educational platforms part of the ESR Premium Education Package has already been activated:
